Residence Community Living Standards (RCLS)

The CCNM residence promotes a safe and reasonably peaceful environment that supports the academic success of Residents as well as their personal and social life. The standards of behaviour expected within Residence are outlined in this document. Residents and their guests are accountable for any behaviour that violates these standards. CCNM encourages residents to resolve their community living issues in a positive and productive manner.

Reports of violations of these standards will be addressed through Principals of Natural Justice and Procedural Fairness, clearly outlining the standards and processes that Residents, guests and staff are expected to follow.

CCNM's Security department will receive incident reports for all situations in Residence that create a concern for the safety and security of any Resident, guest or member of CCNM staff. In serious cases, allegations may be investigated by both the Residence and College staff and the Resident will be subject to the sanctions as set out in CCNM's policies and procedures.

If you have questions about the Residence Community Living Standards, please contact the Residence Coordinator.

SCOPE AND APPLICATION

The Residence Community Living Standards (RCLS) apply to all residents and their guests. They are in effect:

- b) at off-campus events organized or sponsored by Residence or recognized student leadership groups in Residence
- c) when the conduct of a resident has a substantial link to the college including any behaviour observed or carried out through an online medium

AUTHORITY

The RCLS attempts to identify a range of behaviours that constitute offences. Residence reserves the right to identify and sanction conduct that may not be specifically described, but which clearly does not support the stated objectives of the RCLS.

OFFENCES AND SANCTIONS

An offence is any unacceptable conduct, action or neglect that violates the Residence Agreement or RCLS.

Offences are described and classified based on three levels of increasing severity.

Sanctions are the consequence for the offences and are intended to be primarily educational and restorative in nature. Repeated and/or multiple violations shall increase the severity of sanctions applied. Sanctions are based on a point system where accumulated points may lead to eviction.

THE POINT SYSTEM

The point system defines the seriousness of specific offences and where a Resident is in the discipline process (i.e. how far away they are from eviction). The points assigned will depend upon the incident and/or its severity. Points remain on record for 365 days from the date of the sanction. While the point system is a guide used to manage Resident behaviour, CCNM reserves the right to evict a Resident independent of the point system if it deems the health and safety of Residents are at risk. The point system's progressive disciplinary process is summarized below:

Points Accumulated	Stage in Disciplinary Process
0	Verbal Warning
1 - 3	Written Warning
4 - 6	Probation
7 - 9	Eviction (upon falling into this range, eviction proceedings will be initiated)

The following behaviours are presented to help Residents understand and abide by the accepted Residence standards.

Level 1 Offence (0-2 points):

Judicial Procedures

The principals of Natural Justice and Procedural Fairness must prevail in order to uphold the principal that justice must not only be done, but be seen to be done. The principals are:

- a) The Resident has the right to be informed of the allegation(s) of offence(s)
- b) The Resident has the right to an opportunity to respond to allegation(s) of offence(s) at a meeting with CCNM staff and is also entitled to a reasonable notice of the time, place and nature of the meeting
- c) The Resident is presumed not to be guilty of the alleged offence(s) until an impartial and unbiased Decision Maker has determined the offence(s)
- d) The Resident is entitled to reasonable disclosure of evidence of the Incident Report prior to a decision
- e) At meetings to discuss Level 3 offences, the Resident is entitled to call a reasonable number of witnesses to the meeting to discuss the alleged offence(s). This must be arranged with the Decision Maker prior to the meeting
- f) The Resident is entitled to be advised in writing of the decision about alleged offence(s) and any sanctions applied. The decision and communication to the Resident should be made within a reasonable amount of time

Standard of Proof

The information necessary to prove that an offence has occurred is referred to as the standard of proof. The model used at CCNM is called the balance of probabilities. The standard of proof has been met if, at the conclusion of an investigation based on credible information, CCNM believes the incident reported probably occurred. This means that the information provided in the Incident Report and in the judicial meeting demonstrated that the violation is more likely than not to have occurred.

Eviction from Residence

If a student is evicted from Residence, he/she will be required to vacate Residence by the date determined by CCNM. Any belongings left behind will be deemed as abandoned and disposed of. If a student is evicted, the deposit will be automatically forfeited. Depending on the nature of the violation resulting in the eviction, CCNM reserves the right to add additional sanctions.

Incident Reports and Judicial Meetings

CCNM will record the higher severity actions or negligence believed to be offences of the RCLS in an Incident Report. All CCNM incident reports concerning Residence are sent to the Residence Coordinator within 72 hours of the incident. The Resident Coordinator will arrange a meeting for the Resident within one week of having received the Incident Report.

The purpose of the Judicial meeting between the Resident and CCNM is to investigate allegations of offences detailed in the incident report. This is the opportunity for the Resident to explain their behaviour to CCNM. While these meetings must comply with the Principles of Natural Justice and Procedural Fairness, they may result in formal sanctions. At the conclusion of the meeting, CCNM will advise the Resident in writing, within 7 days of the meeting, outlining decisions about the alleged offences, sanctions and any related deadlines.

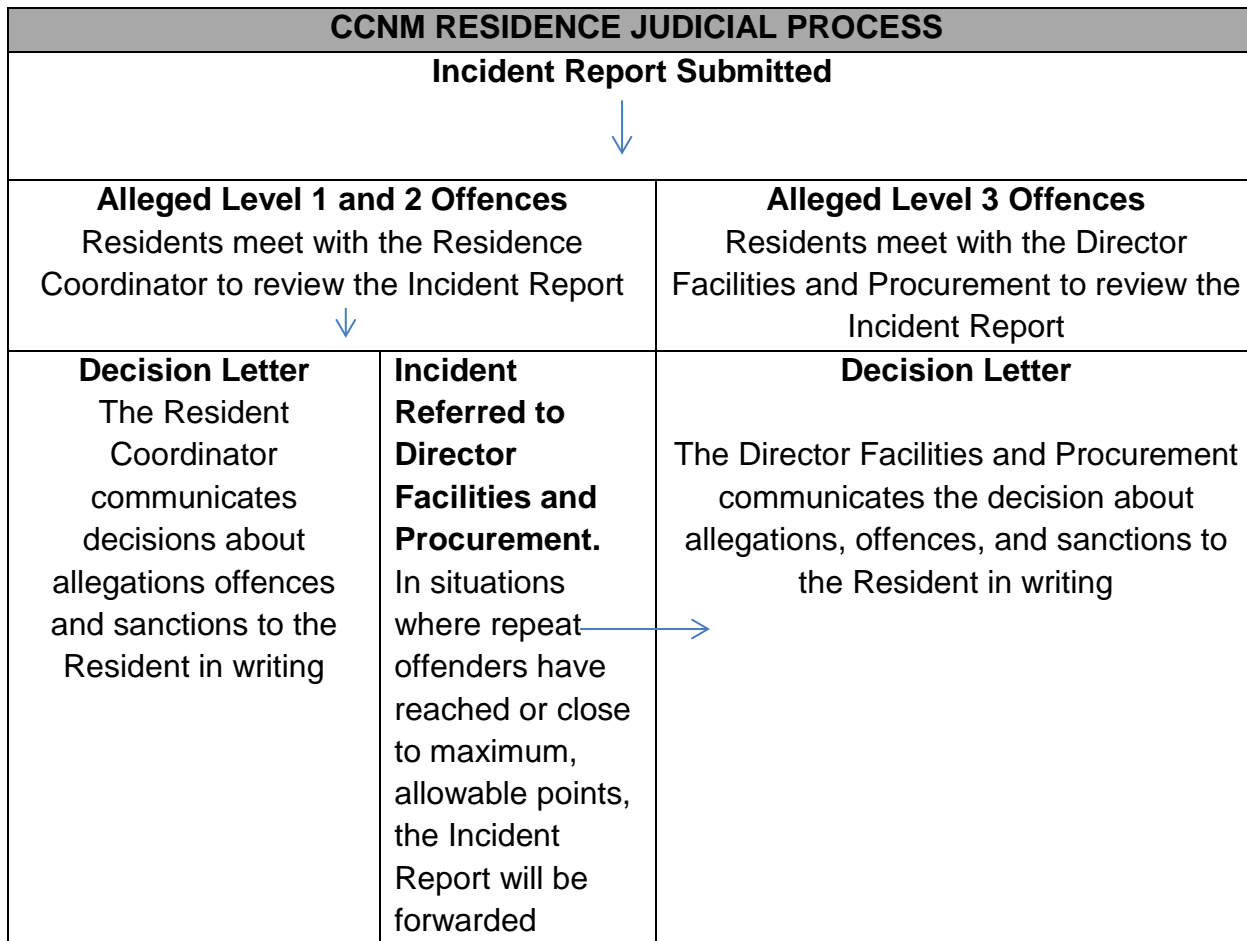

If the Resident fails to attend the Judicial Meeting, CCNM may choose to proceed and make the decision based upon all evidence available.

Communication between CCNM and Residents

CCNM will endeavour to communicate with Residents to discuss Incident Reports and complete the Judicial Process via several methods as shown below:

- a) voice mail on the phone number provided to Residence by the Resident
- b) email to the email account provided by the Resident
- c) a letter placed in the Resident mailbox or under the Resident door, or
- d) in person

Attempts to contact the Resident are deemed to be sufficient when any two of the above methods have been used by CCNM.

Residence Emergencies

Although Judicial Procedures are intended to apply to most situations related to behaviour, there are conditions that warrant a heightened level of concern for safety, security, health and wellbeing. In consultation with the CCNM, the Resident Coordinator is granted extraordinary authority to respond to Residence emergencies.

Residence Emergency Definition

- c) immediately relocate a Resident involved either to another room in Residence or off-site pending the establishment of a meeting time
- d) determine sanctions at Levels 1, 2, and 3 following a meeting with the Resident

- b) A resident has 72 hours from the date they receive their decision letter to start the appeal process
