Please note:

1. Courses can be taken in any order. Please note that a General Chemistry course is a prerequisite for Biochemistry and Organic Chemistry.
2. We recommend setting aside 10-hours per week for each course to complete all tutorials, assignments, self-study modules and assessments.
3. All courses are fully online with self-study modules, live tutorials once a week from 7:30-9:00pm (ET), and online midterm and final exams.
4. Courses are offered in a condensed online blended learning format. Each 3-credit course is 8-weeks in duration. E-textbooks are provided.
